

Soft-Skills Assignment

Module 1) Personal Information

Hello sir,

My name is Harsh Kacha I have completed B.S.C it From Atmiya university Rajkot.

Recently I am studying QA course at Tops Technologies Rajkot. My hobbies I like to play

Cricket and Watch movies. My personality traits is openness new ideas and response to new information and your creativity Improved teamwork and collaboration and analytical skills is Planning and passion for problem-solving is a Creativity. My Career goal is a Software Tester.

I Choose Software Tester because Testing is process used to identify Completeness , Coretness and Quality of developed Computer Software. There are SDLC and STLC HLR , Test Case, Test Scenario , Defect Report in the import part testing. There are 4 part Manual testing,

Automation Testing , Apium Testing , Application testing in testing.
